Dear Ed:

STATINTL

I certainly do appreciate your letter of 26 September 1958. You were right, [REDACTED] people are building some additional equipment in an attempt to increase their efficiency. However, we will not need the quantities of these items as indicated on Production List Number 59-3 and I am submitting a revised Production List 59-3, Amendment Number 1. Please cancel our original 59-3 in its entirety and accept Production List 59-3 Amendment #1, as our order.

STATINTL

Sincerely,
